

Green House of Worship Award

Local Congregation Endorsement and Application Form

Please submit this form with Green House of Worship Action Step Check List

This form testifies that our House of Worship has completed the Action Steps to become recognized as a Level 1, 2, 3 (please circle one) GREEN HOUSE of WORSHIP by IREJN. "Completed" means that at least 12 steps in a level must have been accomplished to be recognized at that level.

Circle the steps taken in a level; if circling # 16 in a step, please describe the step (or which step from a higher level you are choosing).

By signing this application form for recognition as a Green House of Worship, our congregation endorses the ideals of environmental stewardship as part of our faith tradition and pledges its ongoing commitment to care of the creation we have received.
